Afterword Written in Crappy, Small Handwriting

Hello! Who is it? It's me!
Volume 2 has been published without problems. Thank you very much. I am doing fine. I have properly graduated from school. Goodbye! I'm writing this again by hand <3 Sorry <3

For someone who has been talking about her love for Kikuchi, I sure haven't explained a lot about KikuKawa combo. What a huge error. So I've reflected, and this time I'll properly explain first before writing about my love for Kikuchi-kun. (Under the cover page) Oh man. Seriously, when will Kikuchi-kun be born in this word? Let's give birth to him. Got it.

We got a surprise kiss from Volume 1 Extra Chapter. I can't remember which chapter it was, but the kissing ban has been lifted! Congratulations, Soushi! He finally goes on the offense starting this volume! There are some readers who are still doubting whether it was a kiss or not, but well~ I didn't exactly draw two lips touching, so I'll leave it to your imagination. But it's true that Soushi went on the offense. Soushi and Megumi, whose progress is three steps forward, two steps backward, are enjoying their warm relationship. Good for them.

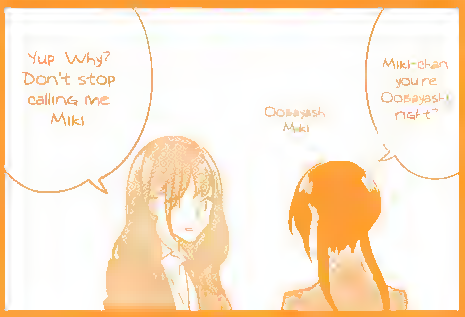
The extra chapter was sickeningly sweet that I've received comments like "I don't like the gap!" or "The innocence was really nice but you ruined it!" On the other hand, I have discovered how amazing it is to use chopsticks when eating potato chips. My fingers won't get dirty! Amazing! In the first place, the fact that there was a long-haired delinquent who asked Soushi to lend his girlfriend in Volume 1 means that this manga is 'out'. My editor even pointed out the phrasing, and I changed Long-kun's line to "Lend her to us." Looking back, the words I used before the edited version was vulgar. Even if Soushi said he wants them to take their time, he still played around with a fair share of girls and he won't change that easily. Stupid high schoolers are all like that. Up until my senior year in high school, I've lived while saving up ideas for my story. I really didn't want to. I've been saving up manuscripts for work since my student days. Trash.

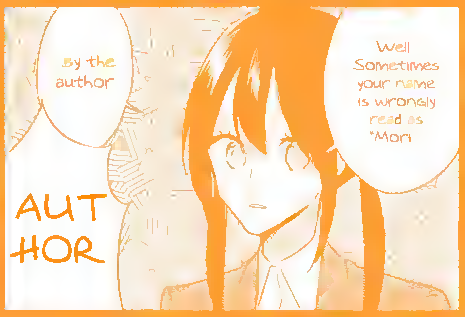
Soushi isn't playing around with another girl. Please let him be. So anyway, the extra chapter this time is also sickeningly sweet. I'm taking it slow with the main story, so those who didn't buy the volumes and only read the WEB version won't notice. They'll probably just think that the two are slowly but surely growing their love for each other. Too bad for them. The readers who bought the volumes know about SouMegu outside school - special SouMegu. Well, it's not like they won't have any progress at all in the web version, but I think we'll eventually see another side of them in the main story. But in the meantime, I'll save these sort of chapters as extra chapters. I'm thinking of especially showing a slightly adult side of SouMegu that even KikuKawaTachiMegu do not know of. I feel impatient when I haven't thought of ideas for the story.

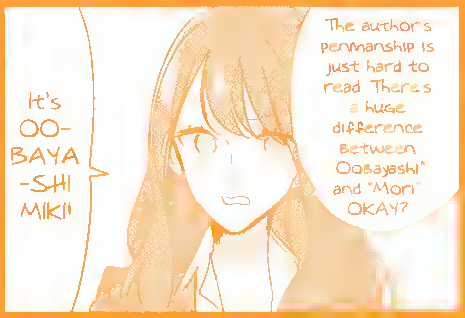
I'm also looking forward to how TachiMiki's relationship will develop. I think it's safe to expect something. Dunno, though.

To the readers, my editor, my designer, in other words, the people who have contributed to this story, and to those who bought the volumes, you have my gratitude. I'm really glad my design for the cover was approved. Amazing, right? I think it's my favorite among the designs I've made. I love it <3

Meta Talk 4

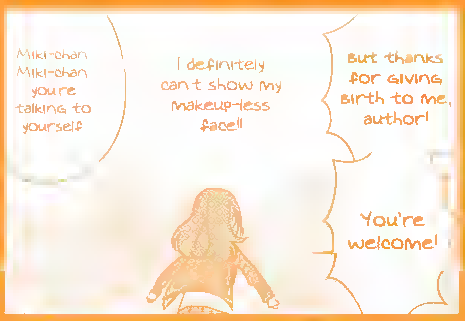






It's OO-BAYA -SHI MIKI!
The author's penmanship is just hard to read There's a huge difference between Oobayashi" and "Mori" OKAY?

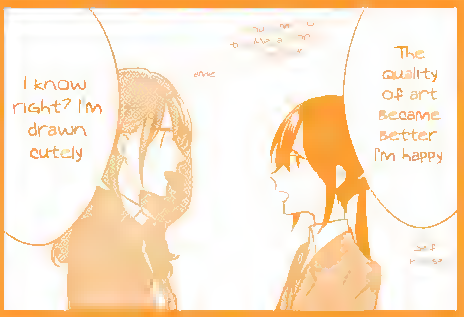
T/N: OOBAYASHI 大林 MORI 森

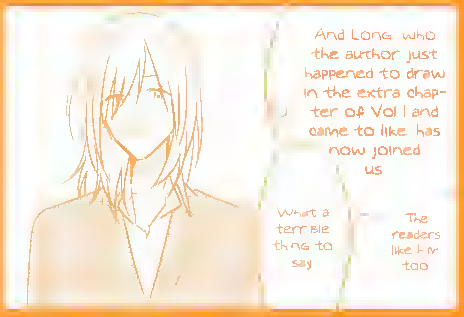


Miki-chan Miki-chan you're talking to yourself
I definitely can't show my makeup-less face!!
But thanks for giving birth to me, author!
You're welcome!

No,I just wanted a girl character so I drew you. I like you.

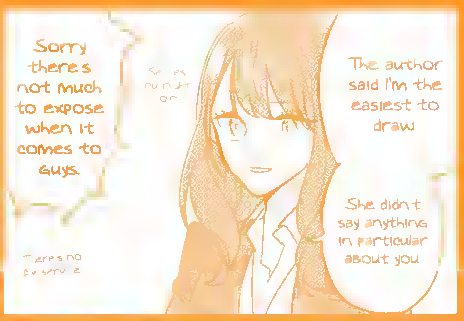
Meta Talk 3





And Long who the author just happened to draw in the extra chapter of Vol I and came to like has now joined us
What a terrible thing to say
The readers like him too

Souma-kun from the main series doesn't know that so keep it a secret I'm sorry too
But you said you wanted to borrow me That really put me off



Sorry there's not much to expose when it comes to guys.
The author said I'm the easiest to draw
She didn't say anything in particular about you

She has a mask and you can see her less. She's the easiest to draw

DEAR KIKUCHI-KUN,

I LOVE YOU.

FROM ME

WHEN WILL YOU BE BORN IN THIS WORLD?! SHOULD I JUST GIVE BIRTH TO YOU?!
